HOW IT WORKS

Virtual reality has never been so easy!

OPEN

Access the FullDive App

SLIDE

Slide your phone in and put on the FullDive headset

EXPLORE

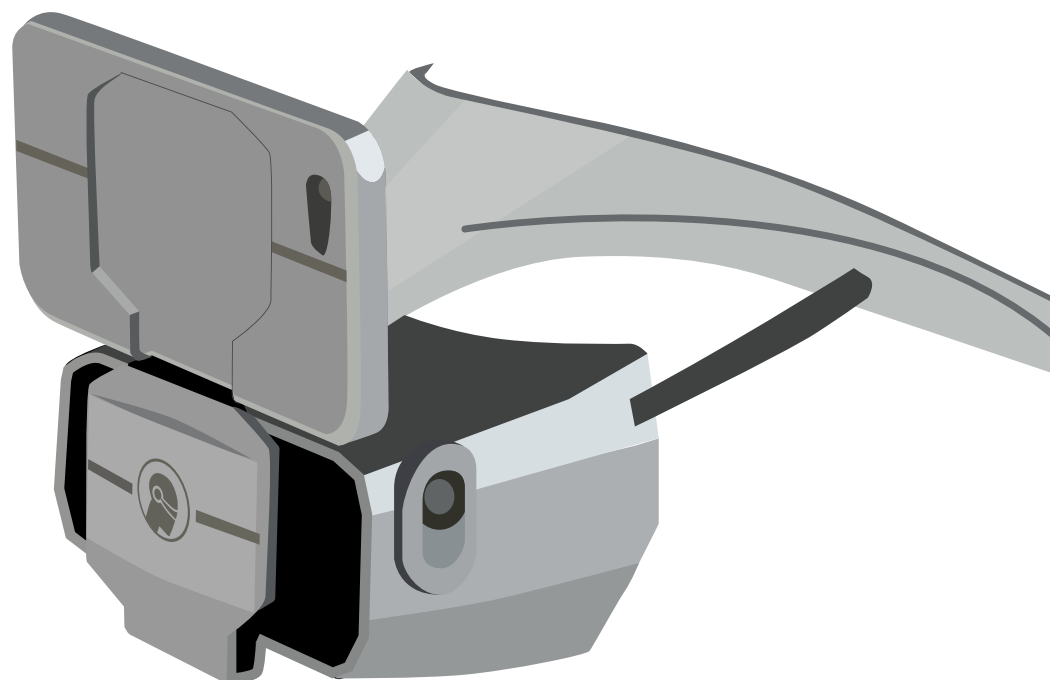

Experience Virtual Reality

OPTIMIZE EVERY ANGLE OF YOUR EXPERIENCE

HEADSET

Designed for your comfort, the Fulldive headgear fits with any smartphone, adjusts to any head size and with interchangeable lenses, works with any glasses.

Fulldive allows you to control your content instinctively with two side buttons and a controller.

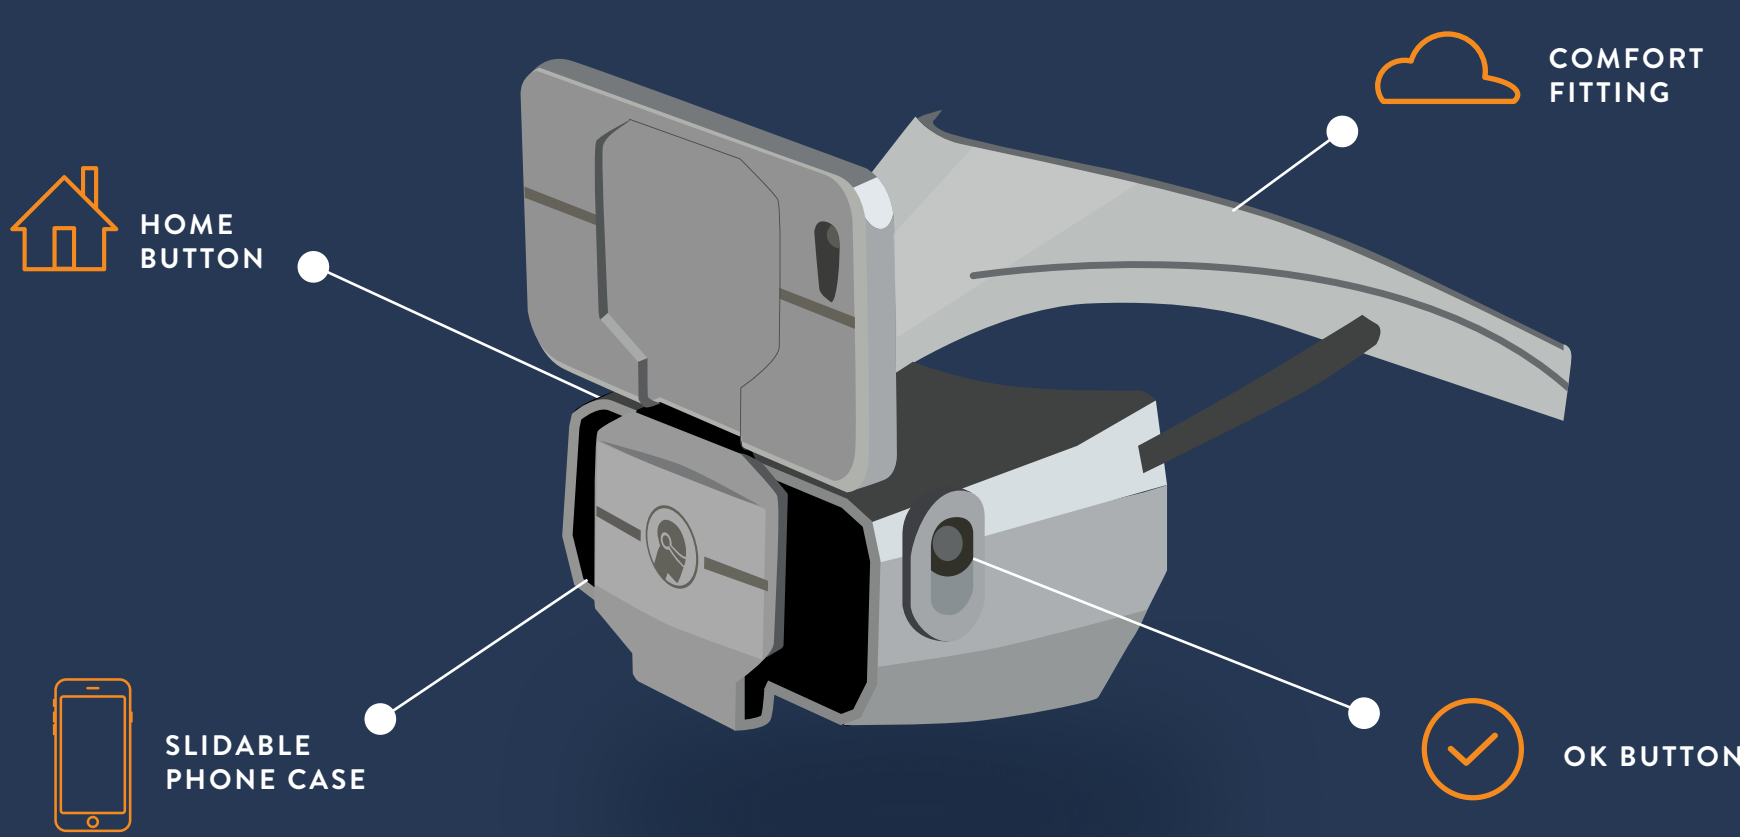

BRING YOUR VIRTUAL REALITY WORLD TO REAL LIFE

MIXED REALITY CONTROLLER

FullDive's mixed reality controller allows your digital content to blend with reality as holograms.

FullDive offers software development kits for you to develop your own augmented reality apps and interact with our controller.

TECHNICAL SPECS

SIZES	WEIGHT	CONNECTIVITY	OTHERS
000 by 000 123 by 123	0.45 lb	connected to smartphone through Bluetooth or	extremely light weight great durability

DISCOVER NEW OPPORTUNITIES ALL-ENCOMPASSING APP PLATFORM

FullDive provides a comprehensive platform of mobile apps, including an all-purpose video player, a browser, camera, gallery and a virtual reality app market.

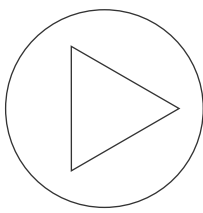

The current FullDive mobile app is synergized with smartphone technology to display a much larger screen in our virtual reality glasses.

The screen is split into two images and displayed for each eye to create a cinematic 3D view, all from your smartphone.

OUR MISSION

FullDive is bringing a unique virtual reality experience to every smartphone user across the world. Our mission is to create user-friendly 3D headsets and VR mobile apps for everyday entertainment experience.

MEET THE TEAM

Behind the FullDive product is a group of talented and creative minds. We come from diverse backgrounds, yet our passion for VR is what brings us together.
